

Goal: At the Family Health Centers and AHEC, we are committed to providing you with a unique clinical experience that focuses on patient centered care, inter-professional teams, culturally and linguistically appropriate care, language access proficiency and health literacy. Our goal is to develop a team of culturally competent healthcare professionals who can effectively communicate with patients in medically underserved areas and with their health care teams in order to improve health outcomes.

Instructions: You are required to shadow or participate in at least **3 topics**, in a discipline different from your own. Use the attached calendar to rank your top 3 choices and 2 back-ups. Return the form back to the AHEC office 2 weeks before the start of your rotation. You'll receive a confirmed calendar and schedule at your orientation.

Debrief: At the end of each activity, debrief with your preceptor/clinical instructor using the, "What, So What, and Now What" framework. 1) Describe the activity you participated in and what you learned 2) Analyze what you have learned and its significance 3) Consider how you are going to use what you have learned.

Complete Assessment: Follow this link <https://www.surveymonkey.com/r/D8FBN8B> to complete the assessment at the end of your 8 hour requirement. Completion of the survey is an indication of the completion of your requirement.
